Business Process Model Legend

Event Symbols

Sequence Flow

The event may represent a start, end, message, timer, link, or exception.

Gateway Symbols

Gateways represents the next task or step in a process. They may represent flows joining/splitting multiple flows or show alternate flows.

Refer to http://bpmb.de/poster for more comprehensive BPMN symbology and definitions.

Task Symbols

Standard Task

Standard Task Step with Business Rules

This is a task that captures specific actions or series of actions. This task may be constrained by, or related to, one or more business rules.

Data Object

This is a data object, which captures information exchanges (i.e., inputs, outputs) used by task. This symbol can represent an electronic or physical data object.
